Problem Solving

TECHNICAL SKILLS

Java, C, Python, React.JS, Node.JS, Express.JS,
HTML, CSS, JavaScript, MongoDB, MySQL, Git,
Figma, Postman

PROJECTS

Sep 2024 - Oct 2024

Imagify

Developed an AI-powered web application using React.js, Node.js, Express.js, and MongoDB that enables users to generate custom images from text prompts using advanced generative AI models. Integrated a credit-based system to manage image generation limits and implemented secure user authentication.

EXPERIENCE

Web Developer Intern (Remote)

Aug 2024 - Oct 2024

Completed a certified 2-month remote internship focused on web development. Worked on real-time projects involving responsive design and interactive UI components. Gained hands-on experience with HTML, CSS, JavaScript, and version control using Git. Participated in code reviews and debugging sessions for peer learning.
